Dear Ed

I have receipt of your letter dated December 24, 2002. The following information applies in the same order as your page number two so you can easily asses it.

BLM UTU File-74757, Indian Peak

This project will be reclaimed by no later than January 23, 2003. We will ask that this notice be closed. (The completion date has been pushed back to January 27, 2003)

BLM UTU File-74758, Blue Jay

I am not aware of any un-reclaimed drill sites on BLM Land. Please send documentation on a topo map so that I can verify this, and act accordingly. You may fax it if you wish. This notice will remain open. (Please provide this info so that I can comply if required)

BLM UTU File-75807, MH11

This project is fully reclaimed and ready for inspection, and closure. (no new information)

BLM UTU File-75808, Dead Horse

This project is fully reclaimed, seeded, and ready for inspection, and closure. Note: Because of the soil types at this site, bulldozer windrows were left in place so as to help the seeds take, and to prevent erosion. (no new information)

BLM UTU File-76658, PRT Project

This project is fully reclaimed and ready for inspection and closure. Note: This was probably not my reclamation responsibility, but, in order to preserve our working relationship I sent additional equipment to the site. (no new information)

BLM UTU File-77244, West Blue Mtn. 2-Dogs

Reclaimed and closed two years ago. Why was this on the list? I notice your records was in agreement with minc. (no new information)

BLM UTU File-77244, 3-Dogs

All reclamation will be complete by January 20th, 2003. This notice will remain open. Additional drilling is contemplated in June and will be bonded at that time. **(mechanical failure has pushed the finish date back several days, should be complete by January 22, 2003)**

BLM UTU File-78372, Star

To my Knowledge this project is fully reclaimed, and I was under the impression that we closed it two years ago.(ditto)

BLM UTU File-78374, SH(Shauntie hills)

Any existing disturbance will be fully reclaimed by January 20th, 2003, this notice will be closed.(this notice is now fully reclaimed and ready for inspection and closure)

BLM UTU File-78377, AB Project

Any disturbance that is still open will be fully reclaimed before January 20th, 2003. it may be necessary for you to do a field visit with me on this. I am not real sure of the reclamation that you refer to. This notice will be closed. **(this notice will be complete by January 23, 2003, more disturbance existed than I anticipated)**

BLM UTU File-78378, Blawn Mtn

Not Real sure why this is on the list. Closed and done.(ditto)

BLM UTU File-78612, JB - 51001/054

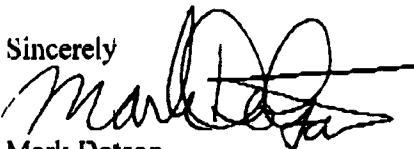

Reclamation will be complete before January 20th, 2003. Inspect and close.(I will notify you on completion) **(mechanical failure has pushed this back a few days, a track link broke on the dozer, should be done by Thursday January 23, 2003)**

BLM UTU File- 78616, Goldstar

All reclamation of disturbance on BLM land will be complete on Monday January 13, 2003. This notice will be kept open. Drilling will continue on this project. **(my personal inspection today revealed that the crews forgot one site in the middle of the main road, will get it done by weds January 22, 2003)**

If I understand correctly, the new regulations in place do not require a bond to keep the notice open. only a notice of such, provided no disturbance may exist at the time. Only the proposed new work when submitted. This letter should act as notice to extend those notices discussed above. Should you have any questions please feel free to call me.

Sincerely
